---

Work Experience

Web Developer | KI Kompass
August 2024 – November 2024 | Berlin, Germany (Remote)

- Developed and customized WordPress websites to meet client needs.
- Enhanced website functionality, performance, and user experience through custom plugins and themes.
- Collaborated with design teams to implement responsive designs and optimize for SEO.
- Provided ongoing technical support and maintenance for client websites.
- Contributed to the development of full-stack applications using the MERN (MongoDB, Express, React, Node.js) stack, improving the overall performance and scalability of web projects.

Web Developer | Freelancing Marketplace
January 2021 – 2023 | Remote

- Worked on various WordPress projects including custom themes, plugin integration, and website optimization.
- Developed and enhanced e-commerce sites, blogs, and business websites for multiple clients.
- Ensured timely delivery of projects while maintaining high standards in design and functionality.
- Gained positive feedback and repeat business from satisfied clients.

WordPress Web Developer | Orbisky
January 2021 – February 2022 | Germany

- Customized WordPress sites to align with specific client requirements.
- Implemented custom functionality using PHP, HTML, CSS, and JavaScript.
- Optimized websites for performance, speed, and search engine ranking.
- Supported the maintenance and troubleshooting of existing websites.
